

CAPITOL CONNECT

Capitol Connect is an affiliate membership for small businesses employing 10 or fewer employees. Small business members, who are also members of participating Capitol Connect chambers of commerce, receive a no-cost, affiliate membership in the BIA. They remain affiliate members as long as they stay members of their local chamber.

Capitol Connect extends many BIA membership benefits to small businesses at no cost.

Benefits include:

- More direct access to the deliberations of the New Hampshire Legislature, governor and state agencies whose work often impacts your bottom line
- Periodic “call-to-action” communications from the BIA on legislative matters affecting the business community
- E-Brief, a weekly electronic publication highlighting BIA’s position on public policy issues and other matters
- Legislative Review, a weekly electronic publication (during the legislative session) that tracks all business-related bills introduced into the NH Legislature
- BIA member pricing for all events to which the public is invited

If you are a Capitol Connect member and want to receive our informative weekly Legislative Review and E-Brief emails, please email Rick at RFabrizio@biaofnh.com to be added to the list.
